

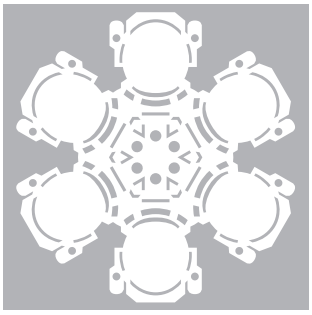
**1.** Cut out pattern at the circles edge. **2.** Fold paper at lines in order indicated. **3.** Cut out all grey areas. Use an X-acto knife for inner details.



## ASTRONAUT

On April 12, 1961, Soviet Cosmonaut Yuri Gagarin became the first human to travel in space in the craft Vostok 1 ushering in the space age. The following month, American Astronaut Alan Shepard became the second human in space.
